On the river banks...

The river Seugne meanders through the town, providing a pleasant area for cycling and walks, even a chance to pilot a small plane or take a trip in a hot air balloon. Along the banks is a fitness trail and an arboretum. Boat trips leave from here between June and September. The tourist office can arrange a guided visit on foot in English or book you a boat trip.

You can relax and have fun at the **Antilles de Jonzac**, an aqua playground complex covering 10,000m², open all year round, with a 60-metre water slide, tropical lagoon, large wave pool, aqua fitness, cardio-training, restaurant and Caribbean beach huts.

You can spend the whole day here, bathing or recharging your batteries in the fitness pools.

Nearby is a recently restored windmill where you can meet the miller and watch flour being ground the old way.

In summer, you'll find all the pleasures of the beach at Heurtebise, the lakeside leisure centre:

picnic area, restaurant, playground and bathing lake. Try your hand at sailing, archery, climbing, riding or rollerblading, with qualified monitors on hand. And all year round, adults can try their luck at the Jonzac casino.

The thermal spa inside the troglodytic site at Heurtebise is used to treat rheumatism and respiratory problems as well as providing health and fitness holidays for the general public.

A wide array of shops ensure that visitors will find plenty of tempting, quality local products and souvenirs to buy.

Every Tuesday, Friday and Saturday morning, the XIXc-style covered market spreads its wares, the fresh smells permeating the old streets and alleyways.

On Sundays, a friendly little farmers' market sets up outside the Halles.

One of the highlights of the town's cultural programme is the comic celebration of cognac and wine in the biannual festival Humour et Vigne, next held in July 2006.
